I am writing this letter to let you know how excited we are to be expanding the use of your integrity testing program nationwide for Remedy Intelligent Staffing.

As you know, Remedy is very pleased with the results of using Insight during the pilot program in our most challenging light industrial region. We reduced claims frequency by 74% (compared to the same period in 2004), along with a corresponding decrease in the cost of claims.

I would also like to compliment you and your colleagues for your outstanding partnership during the pilot and rollout. The hard work and dedication of your team made the training and installation process very easy for us.

The Insight Integrity Survey is part of our overall efforts to reduce the cost of workers' compensation and provide the best possible workforce to our clients. Because of the results mentioned above, I would highly recommend your program to anyone who wants to see these kinds of positive results for their company.

I look forward to a long and successful relationship with Insight Worldwide.

Sincerely,

Diana J. Rich, ARM
Director of Risk Management
